Dear Colleagues

It is with great pleasure that we invite you to attend the 4th McMaster International Review Course in Internal Medicine (MIRCIM), which will take place in the beautiful historic city of Kraków, Poland, on May 10–12, 2018.

MIRCIM has been conceived and developed by the McMaster University Department of Medicine, the birthplace of evidence-based medicine (EBM) and problem-based learning (PBL), and the Polish Institute for Evidence Based Medicine. It is organized in collaboration with Jagiellonian University Medical College and the Polish Society of Internal Medicine in partnership with over 20 national societies of internal medicine from around the world.

The three-day course will be filled with information-packed lectures delivered by an outstanding assembly of speakers who are world-renowned experts in their fields, from authors of clinical practice guidelines to researchers behind breakthrough trials that shape the modern standards in medicine. Our aim has been to deliver up-to-date and reliable knowledge that is useful to general internists, subspecialists, hospitalists, family physicians, residents and fellows in training specializing in internal medicine – and we are proud to say that we have achieved this goal.

The lectures will be delivered on May 11 and 12. On the first day, May 10, the participants will be able to take part in the conference Clinical Cases in Internal Medicine: Learning Through Practice and to choose from a number of clinical workshops.

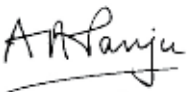

The course will take place in the ICE Kraków Congress Centre, located conveniently in the city center and close to Kraków's famous tourist attractions. The time spent in Kraków during the course will offer a myriad of opportunities to experience the rich cultural life and remarkable heritage that the city boasts.

In 2017, MIRCIM attracted almost 900 participants from 36 countries. The participants highly praised the quality of lectures, topic selection and social events (see at www.mircim.eu/edition2017).

We look forward to seeing you in Kraków in May 2018.

Dinner & Dancing!

After a whole day of informative lectures please join us for a delicious dinner served in the cavernous brick hall of "Stara Zajezdnia" (The Old Depot), Kraków's biggest brewery and beer hall situated in the heart of Kazimierz, the city's historic Jewish district.

The evening will feature a live musical performance by **Jazz Band Ball Orchestra & Stanley Breckenridge**, which will be followed by a live DJ set. Join us and dance to your heart's content!

Jazz Band Ball Orchestra (originally Jazz Band Ball) was formed in 1962 thanks to the late trumpeter Jan Kudyk and a group of students from the Academy of Music in Kraków, Poland. The band debuted in 1965 at the Jazz on the Odra Festival, the oldest jazz festival in Poland. Since then, it has performed a myriad of concerts all over the world, including the North Sea Jazz Festival in The Hague, Netherlands, Dixieland Meeting in Oberhausen, Germany, and the famous Dixieland Jazz Jubilee in Sacramento, USA. The band collaborated with an array of distinguished musicians, including the famous trumpeter Wallace Davenport.

In Kraków, Jazz Band Ball Orchestra will perform with another famous musician, **Stanley Breckenridge**, a pianist and singer who holds a PhD in musicology. Breckenridge lectures at the Department of African

Tickets must be purchased separately (please refer to the Fees section). The performance is not financed by INFARMA member companies.

American Studies at the California State University in Fullerton, USA, and in the past he also delivered lectures at Maria Curie-Skłodowska University in Lublin, Poland, and Jagiellonian University in Kraków, Poland. He has performed solo and with other musicians in a number of European countries, in Japan and in the USA. He released 9 albums. Stanley Breckenridge has been performing with Jazz Band Ball Orchestra since 2013.
